The Ministry of Education, Financial Services & Employment is delighted to be a gold sponsor for Musicians Ltd's production of Disney's The Little Mermaid. The performing arts are something to be celebrated and encouraged among our young people. The arts allow our students to be well rounded individuals. Through acting, singing, dancing and playing musical instruments students develop many skills such as self-confidence, discipline, dedication and improvement of their personal talents.

I am also excited to see how many students are involved in this production and that they come from many of our private and public schools. Seeing such collaboration is wonderful and I thank Musicians Ltd for providing this opportunity to our students. I also thank the organisation for initiating a scholarship to help Caymanian students who need financial assistance for instrumental and performing arts lessons. We must all do our part to help those students who have a passion and love of such subjects as the arts to pursue their goals.

Finally, I would like to congratulate all the students who are taking part in this production. I wish you the very best for a successful show. I would also like to thank the teachers, parents and caregivers who gave up their time to ensure this production was a success and that your children were able to take part in this fantastic opportunity.

MUSICIAN'S LTD PRINCIPAL'S MESSAGE

We are thrilled to once again be back at the Prospect Playhouse for another major production, Disney's The Little Mermaid Junior. Our staff are excited to be working with a cast of nearly fifty local students ranging in ages from 6 – 15 years of age and representing schools from across the island. We chose this lively musical for its catchy songs and fast pace dance numbers that both young and old will know and love. Based on the Hans Christian Andersen Story and the Disney Film produced by Howard Ashman & John Musker , this story is set in a magical kingdom fathoms below where the beautiful young mermaid Ariel longs to leave her ocean home to live in the world above. But first, she'll have to defy her father King Triton, make a deal with the evil sea witch Ursula, and convince Prince Eric that she's the girl with the enchanting voice.

Putting together a high-quality production is a costly undertaking. Sponsorships and donations have helped to part fund the many areas required to produce a musical of this calibre. Specifically, these include the rental and licensing fees for the playhouse, program production, costumes, props, and set construction. Additionally part of the proceeds of the show will go towards our Performing Arts and Instrumental Scholarship Programs for children with ambition, talent and a need for financial assistance.

I would like to thank all those who have helped Musicians Ltd in putting on this great show. Special thanks to the Prospect Playhouse for the use of this lovely theatre. To the Cayman Islands Sailing Club for the use of one of their sail boats. To Catharine Boyd-Moss who guided me on the right path with her wonderful costume design ideas. To Colette Byrne for creating an amazing Ursula costume. To Meelin Vernon for helping me out so much with the many costumes that needed sewing. To my family – thank you for putting up with me during these last crazy few weeks! To the parents - thank you for being patient with all those runs to and from rehearsals. To the backstage crew - without you this show wouldn't be possible and we are very grateful for all the time you have volunteered to help us out. To my wonderful staff who are such talented musicians and so supportive of the performing arts program at Musicians Ltd. To the cast – you are an amazing group of students. I have had such an awesome time rehearsing this show with you. You have been a part of what is guaranteed to be a wonderful show and I do hope you will keep these fond memories of your time with Musicians Ltd for years to come!

Now audience, sit back, relax and let us take you on a journey under the deep blue sea!

**DIRECTORS
MESSAGE**

Hello and a warm welcome to our production of The Little Mermaid Junior. This is my first year working at Musicians Ltd and it has been a pleasure to be involved in this fabulous show. I have been swept away by the power of community here in Grand Cayman. The cast, crew, production staff and our many community volunteers have worked tirelessly to bring this story to life for you. Who wouldn't want to be part of our world?

We are thrilled to be performing once again at the Prospect Playhouse after the success of last year's High School Musical Junior production. If you journeyed through it with us last year then we welcome you back. If you are new to the company and one of the not-so-unfortunate souls in our audience then we welcome you for the first time to Musicians Ltd and invite you to join our family.

The Little Mermaid is a story about following your dreams and I feel that with the personality and passion each of the cast brings to the stage, the story really shines. I would like to thank every one of them for making this job so enjoyable. A huge thank you must go to the staff at Musicians Ltd for putting in a great deal of work and time to make this production happen. The spectacular choreography by Kasia Smith, the beautifully managed stage by Ems Melland, the fantastic lighting by Seb Poznansky and the organisation of sponsors by Holly Morris. We work equally as a team and it has been fun to journey with you guys over the past few months. A big thank you to the principal of Musicians Ltd Janine Stabler, who has worked hard to put together this magnificent production and without whom it would not be possible.

Thank you for your continued support of Musicians Ltd We are grateful you are here and hope you are able to immerse yourselves in the show and really feel under the sea!

Enjoy the Show!

Lauren Knuckey

One Step Closer	Prince Eric
Kiss The Girl	Sebastian, Company
The Contest	Grimsby, Princesses
Poor Unfortunate Souls Reprise	Ursula, Tentacles, Flotsam, Jetsam
Part of Your World	Finale
Under the Sea	Bows

PLOT SUMMARY

Out on the open sea, Prince Eric pursues a mysterious voice despite the protests of his valet, Grimsby. Meanwhile, far beneath the waves, the crab Sebastian has prepared a concert for King Triton that will debut his youngest child. However, Ariel has gone with her best friend Flounder, to the surface, where they learn about treasures of the world above from the seagull Scuttle. Deep within her lair, the sea witch Ursula and her lackey eels, Flotsam and Jetsam, bemoan their exile and plot to regain power from King Triton using Ariel as bait.

At court, King Triton scolds Ariel for going to the surface and appoints Sebastian as her chaperone. Ariel retreats to her grotto and dreams of living on land. She pursues a passing ship and encounters Prince Eric. Lightning strikes the ship which sends him overboard. Ariel saves Prince Eric from drowning, brings him safely to shore, then disappears into the waves.

Back underwater, the Mersisters grill Flounder about Ariel's odd behavior. When King Triton learns about Ariel's contact with a human, he destroys her grotto. Flotsam and Jetsam find Ariel in despair and lure her to the sea witch's lair. Ursula offers to change Ariel into a human in exchange for her voice. However, Prince Eric must kiss Ariel within three days or she will turn back into a mermaid and become Ursula's slave forever. Overcome by her dreams of the world above, Ariel makes the bargain.

On the beach the next day Prince Eric finds the mute Ariel and brings her home to the palace. Ariel's silence prompts Prince Eric to find other ways to communicate, like dancing, but he is still determined to find the mysterious voice. Sebastian tries to serenade the couple, but Flotsam and Jetsam block their kiss. Grimsby arranges a singing contest to find the mysterious voice. When Ariel breaks the crowd and dances for Prince Eric, he realizes how much he loves her and begins to propose. However, Ursula barges in as the sun sets and the spell is broken, turning Ariel back into a mermaid.

Sebastian warns King Triton who agrees to hand over his trident and take Ariel's place as Ursula's slave. Ursula loses control of her magic shell and Ariel's voice is restored. Ursula creates a whirlpool that destroys her and the eels. With peace restored Ariel returns the trident to her father. Prince Eric proposes and when Ariel speaks her realizes that it has been her voice all along.

OUR CREW

THANK YOU

Dear Friends of Musicians Ltd,

We cannot express how much your support of Disney's The Little Mermaid Junior Musical means to our team of children, parents, teachers and to me personally. As the saying goes,
"...we couldn't have done it without you."

Through your generous financial contributions, sponsorships and in-kind donations, you've allowed this production to come to life. We believe this has created a unique opportunity for our young people to set the stage for reaching new heights and showcasing their talents.

So we are sending out a big thank you to you all...
from our Musicians Team!

SERVERSAFE

BACKUP AND REPLICATION 2.0

**CRITICAL DATA CAN BE GONE IN A SECOND –
WE CAN GET IT BACK IN 60**

TOTAL BACKUP fastest and easiest backup and disaster recovery software for Windows application servers. The only complete “all-in-one” backup and recovery software solution.

TOTAL RECOVERY enables local recoveries from any type of failure in just minutes, with the added assurance of offsite application and data backup and recovery from a total site disaster.

SERVERSAFE GIVES YOU:

- Deep Application Integration with MS Exchange, SQL, SharePoint allowing recovery of files, specific emails, calendar entries or databases
- Near Continuous protection: Take backups as often as every 15 minutes
- Cost-effective whole server protection: Backup and replication combined
- Microsoft application level integration: Exchange and SQL backup integrity checks
- Continuous recovery to Standby Virtual Machines: Failover to standby virtual machines (VMware or Hyper-V)
- Flexible disaster recovery options: multiple recovery methods
- Server rewind: roll back to a previous point-in-time to recover a single piece of data or recover the entire server
- Shore to Shore: Replication between more than 1 offshore data centre whilst maintaining onshore availability
